ABOUT CISAT

- **"Centre For Industrial Solutions and Advanced Training"** is an ISO 9001:2015 certified Industrial consultancy services and Training Provider Company (Internationally) managed by professionals with rich Industrial experience across globe.
- **CISAT** involves in complete **Industrial Consultancy and services**, HR, LMS, OD, Professional Trainings, Automation Solution, Software Solutions, Industrial Safety, Environment & Energy Audits, Study and Improvement projects, Vibration Analysis etc. More details are available on our web www.cisat.co.in.
- **As a Group** we are in software development (IT), Automation solution, Industrial consultancy services, HSE consultancy & Audits, Talent Development, Control Panel Solution etc. We do provide customized solution as per client's requirement.

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

Our Offering

Complete Industry Training Solution

01

Control Panel Design and Supply, Automation Solution-Supply and Project

02

Technical Due Diligence, Feasibility & Advisory Services

03

Safety, Environment and Energy Audit

04

Specialized Product Supply

05

Vibration Analysis and Services

06

Software Development, HR Automation System

07

Arc Flash & Protection Study

08

Metal, Power, O&G, Chemical, Engineering, Manufacturing, Cement, Pharma Industries

Our offerings- HR/Training Services:

1. OD, Training, Consultancy and Mentoring
 - a) Complete Training Solution and Content Development,
 - b) Training staff development (TTT programme)
 - c) E-Learning module development (Digital Education),
 - d) Course material development for training,
 - e) Skill mapping, Assessment and Skill Certification,
2. Complete HR & Talent management Software Solution- LMS, PMS
3. Environment Audit, Compliance and Training Services
 - Environment Management Plan, Hazardous Waste Management, Hazardous Waste Audit, Govt. Liasoning
4. Safety Training & Audit, Energy Audits and assessment.
5. 5S, Six Sigma, TPM, TQM Training and Implementation.
6. Vibration Analysis Consultancy Services.
7. Arc Flash Hazard, Protection, Load flow analysis, Relay Setting Study.
8. NDT Consultancy, Services, Training and Certification

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

INDUSTRIAL SAFETY TRAINING PROGRAMS (ALL):

- Plant safety Training, Workers Safety Programs.
- Electrical Safety, Arc Flash and Protection System.
- Equipment Safety, Welding safety, Plant Process Safety
- First Aid Certified Training program.
- Emergency Preparedness, Disaster Management
- Rescue management etc.
- Work at height, Scaffolding Training
- Crane Safety, Safe Driving Practices and many more.
- **Online Safety E-Learning programmes and Safety Software.**

Note:

- Any program can be customized as per the organization's need.
- We can undertake complete Outsourcing of Training Delivery.

"Empowerment through Knowledge"

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

Industrial Environment Consultancy & Solution:

Specialized consultancy services offered in following areas:

- Environmental Management Plan (EMP).
- Solid waste management Plan (SWM).
- Hazardous Waste Management.
- Hazardous Waste Audit.
- Government Liasoning.
- Environmental Training Solution for Industries.

Note:

- Any program can be customized as per the organization's need.
- We can undertake complete Outsourcing of Training Delivery.

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

NDT CONSULTANCY, SERVICES, TRAINING AND CERTIFICATION

Following Training courses and Services are being provided.

- ❖ Ultrasonic Testing Services, Training and Certification
- ❖ Magnetic Particle Testing Services, Training and Certification
- ❖ Liquid Penetrant Testing Services, Training and Certification
- ❖ Visual Testing Services, Training and Certification
- ❖ Radiography Testing (Interpretation) Services, Training and Certification
- ❖ ASNT Level III Services for specific need.
- ❖ Stress relieving (Pre heating & PWHT) as per the given temperature cycle.
- ❖ Stress relieving with oil fired furnaces for large size components.
- ❖ Metallurgy for non-metallurgist
- ❖ Welding Inspector for QA/QC professionals
- ❖ Brief on ASME Sec IX course

Arc Flash Hazard Study, Relay Coordination and Protection Study & Electrical Safety Program:

Applicable Standards & References:

- **IEEE 1584-2018: Guide for Performing Arc-Flash Hazard Calculations**
- **NFPA 70E: Standard for Electrical Safety in the Workplace**
- **OSHA 29 CFR 1910 Subpart S (as reference)**
- **IEC 61482-1-1/-1-2 (Arc-rated PPE, as applicable)**
- **Client's internal Electrical Safety Rules, OEM manuals, and local statutory requirements (CEA/State Inspectorate where applicable)**

"Empowerment through Knowledge"

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

Technical Competencies & Industrial Services

Specialized consultancy services offered in following areas:

- **Technical Advisory Services**

Industrial troubleshooting, Power Plant operational practices improvement, maintenance audits and supervision for power plant heavy equipment.

- **Energy and Technical Audits**

BEE, PAT, MEA Audits, M&V Audits, Thermal Power Plants Performance Monitoring, Electrical & Thermal System Energy Audits, Power Quality and Water Audits, Green Audits.

- **Advisory Services**

Expert services for banking loans, plant & machinery valuation, M&A technical due diligence, Independent & lender's engineer services, Certifications & opinions.

Note:

- All services can be tailored to specific industry requirements.
- We provide end-to-end technical consultancy and advisory support across the sectors

Technical Competencies & Industrial Services

Specialized consultancy services offered in following areas:

- **Engineering Services**

Electrical safety risk assessments, Electrical safety audits as per CEA norms, Thermography studies, Energy recovery from industrial waste heat, Energy monitoring systems, IoT-based real-time parameter monitoring design.

- **Project Appraisal and Monitoring**

Technical due diligence, Project cost investigation & advisory, Feasibility studies, Cost vetting, Independent Engineer services, Chartered Engineer opinions.

- **Sustainability Reporting**

ESG reporting, Decarbonization strategies (SBTi aligned), Sustainable finance & ESG materiality assessments, GHG accounting & carbon credits.

Note: All services can be tailored to specific industry requirements.

Process Safety Management (PSM): Services & Trainings

Specialized consultancy services offered in following areas:

Services

- Risk Analysis (Qualitative & Quantitative)
- PSM System Implementation (OSHA/CCPS framework)
- HAZOP & LOPA Studies
- RCA, Bow-Tie, HAZID/ENVID, HIRA
- MOC & PSSR facilitation
- ISO-aligned Safety Audits (ISO 45001, ISO 14489)
- PSM Gap Assessments, SIL, Safety Case.
- Regulatory Compliance Support (OSHA, CCPS, ISO, OHSAS)

Trainings

- Safety Culture & Leadership Training
- PSM Elements Training (14 Elements)
- HAZOP & LOPA Training
- RCA & Incident Investigation Training
- MOC & PSSR Training
- ISO-based Safety Audits Training
- Emergency Response & Crisis Preparedness
- Contractor & Process Safety Leadership Training
- Customized Industry-Specific PSM Workshops

Note: Any program can be customized as per the organization's requirement.

Vibration Analysis Services

- ❖ Hands ON Technical Training Programmes
- ❖ Condition Monitoring Services, Vibration Study, RCFA and Audit.
- ❖ Noise & Vibration Reduction and Control
- ❖ On site Laser Alignment & In-Situ Balancing
- ❖ Performance Enhancement Techniques for Rotating Equipment
- ❖ Facility Management with Reliability Focus
- ❖ Energy Optimization and Saving Solutions

Note:

- Any program can be customized as per the organization's need.
- We can undertake complete Outsourcing of Training Delivery.

Software Development

CISAT, provides a software package that can be accessed through the web browser. We have a committed team of developers and designers. We focus on customized solution. CISAT have a complete **HR Automation solution that is developed by own**. We have developed many software's till now, such as

- Billing and Inventory Software
- ERP and CRM Software
- Web-based Applications and web site development
- Customized Software Development
- MLM (Multi-Level Marketing) Software
- Election Management Software
- Blockchain development.
- HR/Training Software equivalent to SAP

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

Specialized Product: Control Panel Manufacturing and Supply

- ❖ Submersible pump starter
- ❖ DOL starter
- ❖ Electric control panel (MCC, PCC, DB etc.
- ❖ PLC panel, Drive panel and Soft starter panel motor starters.
- ❖ Single phase deep drawn metal meter box
- ❖ 100 KVA LTDB with kitkat/MCCB
- ❖ Deep drawn metal parts sheet metal press components
- ❖ Automation Solution, Supply and Project Implementation

Incinerator for waste material treatment

Drone for special applications

Sector/Companies to provide services

- | | |
|----------------------------|-------------------------------|
| 1. Power Plant | 10. Municipal Corporations |
| 2. O&G Companies | 11. Paper Industries |
| 3. Cement Industries | 12. Service Industry |
| 4. Tyre Industries | 13. IT Industries. |
| 5. Chemical Industries | 14. Mining Sector |
| 6. Metal Industries | 15. Power Transmission Sector |
| 7. Manufacturing Sector | 16. All Customized solution |
| 8. Small and Medium Ind. | 17. Agriculture Industries |
| 9. Construction Industries | 18. Pharma Industries |

Our offering- Best LMS:

Specially Developed Complete HR Automation system/ LMS "HRAutosoft" which alone can do all the functions of HR or Training Manager.

This Software, alone can do all the HR Functions such as

- Recruitment, Joining and Induction
 - L&D
 - PMS
 - Reward and Recognition
 - Succession Planning
 - All reports
 - Complete Workforce Management (Workers)
 - Auto Feedback system
- Gathering Training need from every department and Employees
 - Technical/behavioral or soft skill/Safety/Quality/Management Functional etc.
 - Competency mapping & Skill Gap Analysis at Micro level (in % of knowledge)
 - Preparing training Calendar by own (Monthly/Quarterly/Yearly)
 - Preparation of Training Budget
 - It contains details of all Service providers or vendors (Internal/External Trainers/expert database)
 - Online Quotation System (to receive online quotations for various Training programs with comparison report)
 - Preparation of comparative statements (From all different Service providers)
 - Feedback and Analysis for every program conducted.
 - Microanalysis of various Skills for an employee (Existing and updated)
 - ROI calculations (Assessment)..many more functions

Best Features of LMS "HRAutoSoft"

Specially Developed LMS alone can do all the functions of Training Manager

Various Report generation required for Training Coordinator or Manager

- Complete Skill matrix and analysis for an individual and Record
- Training Calendar (Yearly/Quarterly/Monthly/weekly)
- Training Budget (Planned, Allotted, spent etc)
- Attendance of every training programs
- Individual Training need and Assessment
- Internal/external training and Nominations system
- All other reports required category wise, grade wise or any other
- Up-dation to get Internal Trainers from various departments.
- Career planning, skill updates etc..

In short it will do all the function of a training personnel/manager and hence will be useful to all the organizations.

It can be customized as per the requirement of organization. We will be happy to discuss more and give a demo if your company is interested.

Our Offering: Complete Technical Training

- Electrical/Instrumentation and Computer and AI Applications.
 - Electrical Drives O & M, Installation commissioning
 - Substation, S/S O&M- CBM & Testing
 - Switchgear and Protection
 - Earthing/ Transformer Operation & Maintenance
 - HT/LT Motor – Operation and Maintenance
 - Electrical Safety & other customized Training Programs
 - Process Control and Instrumentation
 - Industrial Communication & networking
 - PLC/SCADA/DCS etc.
- Mechanical Engineering
 - Condition Monitoring, Best Maintenance practices etc.
 - Welding technology
 - Bearing Operation and Maintenance, Vibration Analysis etc.
 - Pump, Compressor, Hydraulics and Pneumatics etc
- Chemical Engineering
- CIVIL Engineering Many more

Note:

- Any program can be customized as per the organization's need.
- We can undertake complete Outsourcing of Training Delivery.

- 6 Motion Control Engineering
- 7 PLC Engineering & SCADA : Industrial Applications, Programming & Troubleshooting
- 8 DCS: Introduction and Implementation
- 9 Process Control and Instrumentation
- 10 Industrial Networking: Applications and Troubleshooting
- 11 Training Program on Mechatronics Engineering.

Call/sms/email for any customized Training program

Training programs in Operational Excellence

- Basics and Advanced Lean Manufacturing
- Transactional Process Improvement
- Four pillars of High performing organizations
- Hoshin Kanri –Strategic Management and TQM
- Lean Implementation, Six Sigma
- TPM
- TQM
- Cost of Poor Quality
- Change Management
- Toyota Production system
- Seven Quality tools
- 5S & Six Sigma
- Lean thinking for ManagersMany more

Training programs in Behavior/HR

- Soft Skill
- Time management
- Managing change
- SDP / MDP and LDP
- Business Communication
- Business Etiquettes
- Six thinking hats
- 360 Degree feedback
- Creative thinking
- Lateral thinking for innovations
- Knowledge management
- Time management
- Team building and management Many more

Training programs in Mining Industry

- Rules and Regulations
- Safety related to Mines
- Electrical Safety in Hazardous Areas (Mining)
- Operational Safety
- Electrical safety related to Mines, Standard rules, Audit and Mitigations
- Mines Equipment Safety.
- AI in mining Applications.

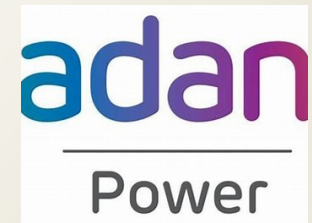

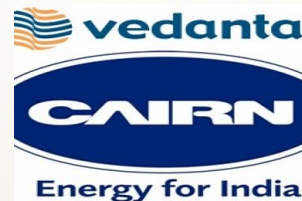

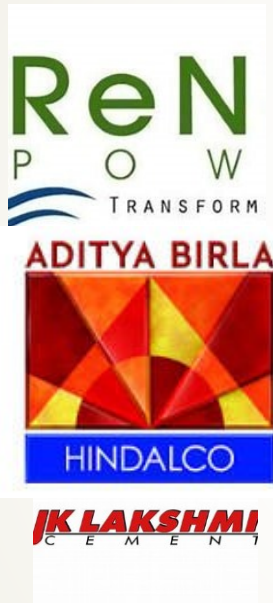

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

Our Prestigious business partners includes from many Mining, Chemical and O&G Industries such as

Our Training Program Delivery Strategy:

- Contents Design to suit best requirement to an Organization.
- Expectations or Objective Setting
- Pre and Post Test
- Knowledge Sharing through Power Point Presentation,
- Animations and videos
- Case Study and Discussions
- Team or individual exercise, Assignments and activities
- Hands ON practical's
- Plant Visit
- Management games
- Analysis Report / Assessment / Feedback

Training Facility:

CISAT has International level Training Centre Located in a learning atmosphere at Butibori, Nagpur (Maharashtra Region), India also an equipped training conference room at Nagpur office.

It is equipped with training facility for up to 40 participants fully air conditioned, LCD Projector, Audio-video, White Board and all facility required for natural activities. It also has facility for Lodging and Boarding in a campus.

CISAT have facilities for practical's on various topics such as,

- Testing of Electrical and Mechanical Equipments
- PLC/SCADA (Allen Bradley/Siemens and other)
- Welding, Cable and Cable jointing techniques.
- Computer Lab with required software support

We have support from various Industries and Educational institutions for onsite Training to support above as well Industrial visits as required.

Centre for Industrial Solutions and Advanced Training

A Global Training Service and Industrial consultancy Provider

An ISO 9001:2015 Certified

"Empowerment through Knowledge"

Experts Associated with us:

CISAT have around 75 Experts associated to impart various customized services, consultancy, trainings or Audits. All Experts have

1. Industry Experience varies from 15-40 years
2. Most of the Industrial fields and Services area
3. Technology Savvy
4. Mentoring & Training Experience

Few Names are

1. Shri. Sanjay Kashikar; Electrical Engineering, Power System, 35 yrs
2. Shri Sunil Sardey; Expert Electrical Engineering, Power System 36 yrs
3. Dr. Mohan Babu, Expert Safety; 36 Years in Industry
4. Shri Dilip Dhakate, Power plant Expert (Mechanical), 36 Yrs
5. Capt. Retd Mahendra Kakde; Expert Safety 23 yrs
6. Shri. Vinayak Gavankar; Business Communication; 35 Yrs
7. Mr. Pramod Kate; Boiler-Expert; 38 Yrs
8. Mahendra Dhande; IT Expert 19 Yrs
9. Shri. Parag Pathak and Harish Deshpande; NDT/Welding expert.
10. Shri. Lalit Lunawat, 27 Years. Expert Metallurgy And many more..
11. Sanjay Burman; 16+ Years; Environment Expert
12. Shri. Vikas Wadnerkar, Electrical Engineering; 25 Years.
