

## ENVIRONMENT AND SUSTAINABILITY SERVICES

*At the service of mother earth.*

### ❖ Environmental Consultancy Services:

We provide a comprehensive range of services to different industrial and business houses in the field of Environment and sustainability. Our vision is to offer comprehensive and value-added professional services in the area of Environmental Management.

Specialised consultancy services offered to the clients in following areas:

- ❖ **Environment Management Plan:** The environmental management plan (EMP) aims to identify activities unique to the project that should be taken into account when examining any substantial adverse effects and necessary mitigating actions.

We assist companies in assessing their present environmental situation and developing practical, affordable solutions to meet their environmental goals. Our primary objective is to assist clients in creating efficient EMPs that will boost output while protecting the environment.

- ❖ **Solid Waste Management Plan:** Solid waste management refers to the process of collecting, transporting, processing, and disposing of solid wastes in a manner that minimizes environmental impacts and promotes sustainable development.

- ❖ **Hazardous Waste Management:** Hazardous waste means any waste, which by reason of characteristics, such as physical, chemical, biological, reactive, toxic, flammable, explosive or corrosive, causes danger to health, or environment. Scientific disposal of hazardous waste through collection, storage, packaging, transportation and treatment, in an environmentally sound manner minimises the adverse impact on human health and on the environment. The hazardous waste can be disposed at captive treatment facility installed by the individual waste generators or at Common Hazardous Waste Treatment, Storage and Disposal Facilities (TSDFs).

- ❖ **Hazardous Waste Audit:** As per the order of Honourable Supreme Court in writ petition No. 657 of 1995 of Research Foundation for Science Technology, National Resource Policy vs. Union of India & ANR, the company dealing with hazardous waste has to carry out a third party audit of hazardous waste, where the audit team must include members of the local community.

- ❖ **Govt. Liasioning:** Liasioning and Clearances from statutory authorities like SPCB, DF&B, DFO, CCOE and Aviation Clearances etc. for existing and new industrial set up.

- ❖ **Environmental Training:** We Provide training to the employees on various environmental acts and their applications in industrial environment management such as :

- |                                   |                               |                         |
|-----------------------------------|-------------------------------|-------------------------|
| * Stockholm Conference-1972       | * Hazardous waste rules-2016  | * Fly ash notifications |
| * Wild life protection act-1972   | * Biomedical waste rules-2016 | * Commitment of EIA     |
| * Water Act-1974                  | * ODS rules                   | * EC conditions         |
| * Air act-1981                    | * Plastic rules               | * NOC/CTE conditions    |
| * Environment Protection Act-1986 | * Battery rules               | * CTO conditions        |
|                                   | * E waste Rules               |                         |

### **Expert Profile: Shri. Sanjay Burman- Environment Expert**

Experienced in Environment and Sustainability, GRI Reporting, Water Efficiency Management System ISO 46001:2019, ISO 14001:2015, OSHA 30, and NEBOSH International General Certificate (L3), Operations Management, Manufacturing, Materials, Environment management includes Hazardous waste and water management. He possesses Master of Technology in Environmental sciences and Engineering having around 17 years' rich experience in the field Environment and Sustainability.

#### **Industrial Experiences:**

- **Section Head - EHS and Sustainability**  
Hindalco Industries Limited, Captive Power Plant, Hirakud.
- **Lead- Permits & Compliance Coordinator.**  
Odisha Power Generation Corporation Ltd., Bhubaneswar, Odisha
- **Business Associate**  
S.S. Environs (I) Pvt. Limited, Bhubaneswar, Odisha
- **Manager Environment**  
Adani Power Limited, Mundra, Gujarat
- **Assistant Manager in the Environment**  
Vedanta Aluminium Limited, Jharsuguda, Odisha

#### **Professional Qualification:**

- M.Tech. in Environmental Science and Engineering
- M.Phil. in Environment Sciences
- M.Sc. in Environmental Sciences
- Post Graduate Diploma in Environmental Law and Policy

#### **Certification:**

- \* ISO 14001:2015 (IRCA)
- \* ISO 46001: 2019 (BSI)
- \* GRI Sustainability Reporting (KPMG)
- \* OSHA 30 (Chola)
- \* Nebosh (United Kingdom)
- \* PGDELP (NLU)
